CONSTRUCTION  
CAREER DAYS

## What is Construction Career Days?

As more people visit or relocate to the State of Florida, the need for qualified construction workers continues to grow. To increase the number of workers in the construction industry, transportation industry officials began an educational outreach program for high school students in 1999. The program, called **Construction Career Days (CCD)**, is designed to introduce students to the wide range of career opportunities available to them in the construction industry in a hands-on environment.

Transportation industry partners across Northwest Florida are currently organizing the inaugural Northwest Florida Construction Career Days to be held Oct. 16-17, 2018 and we need your help.

The event is made possible through the generosity of sponsors and fund-raising events held throughout the year including the 1st Annual Northwest Florida CCD Golf Tournament April 27, 2018 at the challenging Seminole Golf Course and Club in Tallahassee. **Sponsorship opportunities are below.**
